The BoD of the Company consists of twelve members, out of which seven (7) are independent non-executive members (one of whom acts as the independent Vice Chairperson). Out of the other five (5) non-executive members, four (4) are executive, namely the Chairman, the Chief Executive Officer, the Deputy Chief Executive Officer, the Executive Director and one (1) is non-executive. The requirements of the applicable legislation, the decisions / instructions / circulars of the Hellenic Capital Market Commission, the HCGC 2021 which has been adopted by the Company, the Suitability Policy for the Members of Board of Directors of the Company and the international good practices have been taken into account for their election.

The independent non-executive members of the BoD meet the criteria of independence, as such are set out in Article 9 of Law 4706/2020 and are explained in detail in the Internal Rules of Procedure of the Company and in the Procedure for Notifying Dependency Relations of the Company's Independent Board Members. The fulfilment of the conditions for categorising a member of the BoD as independent is reviewed by the BoD at least annually per fiscal year and in any case prior to the publication of the annual financial report, which includes a relevant finding.

All members of the BoD, including the independent ones, meet the criteria of individual suitability and in general the criteria of collective suitability set out in the Suitability Policy for the Members of the Board of Directors of the Company. This Suitability Policy has been prepared in accordance with article 3 of Law 4706/2020, Circular 60/2020 of the Hellenic Capital Market Commission, the Internal Rules of Procedure of the Company and the HCGC 2021 and has been approved by virtue of resolution passed by the Ordinary General Meeting on 18.6.2021 which has been posted on the Company's website (<https://www.quest.gr/el/the-group/policies>).

The Policy is fully harmonized with the applicable legislation. Furthermore, during its preparation, the size, the internal organization, the risk appetite, the nature and the complexity of the Company's activities have been taken into account.

More specifically, the Policy complies with the provisions of Law 4706/2020 and the regulatory decisions and circulars issued by virtue of this law, is in accordance with the provisions of the Internal Rules of Procedure of the Company, and follows in its entirety the HCGC 2021 of the Hellenic Corporate Governance Council that has been adopted by the Company. It also incorporates good practices, which are followed internationally by companies of similar characteristics to those of the Company.

In the performance of their duties, the non-executive members have timely access both to the required information regarding the items on the agenda of the BoD meetings, as well as to the executive members of the BoD and the senior management of the Company for their information.

The Corporate Secretary makes sure that all members of the BoD receive by electronic means in a timely manner and as a rule three (3) calendar days prior to the meeting the supporting documents (data, analyses, recommendations, studies, etc.) relating to the items of the agenda of each meeting.

Whenever the non-executive members deem it necessary, they meet or communicate with the Chairman of the BoD, the executive members or the Company executives in order to timely receive any additional information, so as to be prepared and in the position to express their opinion during the meetings.

The Board of Directors met 52 times in the year 2022 (of which 12 meetings with physical presence of the members and 40 meetings without).

The main categories of issues dealt with by the Board of Directors were: Strategy, Investments, Corporate Governance, Monitoring and Performance Management, Risk Management, Internal Control System, Sustainable Development / ESG, Financial and Non-Financial Information, Management Systems and Processes, Compliance.

In the second quarter of 2022, the Board of Directors organised a strategy workshop, with the participation of all BoD members, the Corporate Secretary and senior executives of the Group, as well as an invited external speaker. During this workshop, the prospects of the business environment and potential areas of growth for the Group were reviewed.

In the second quarter of 2022, the annual evaluation of the BoD, the BoD members and the BoD Committees was also conducted. The evaluation included an evaluation of the BoD as a whole, an evaluation of the BoD Committees and an individual evaluation of the BoD members. The evaluation was carried out with the support of an external consultant, selected on the basis of a competitive tender process and international best practices.

Based on the above, we consider that the operation of the BoD of the Company with regard to the levels of compliance, integration of good practices, efficiency and organization is very satisfactory. In particular, the independent non-executive members receive all necessary information, have access to information and employees and have the ability to monitor, supervise, control and express an opinion, in order to effectively perform their duties.

All proposals and assessments of the executive members - including those relating to current crisis or risk situations or cases that are expected to affect the Company's financial position - are presented and discussed in detail at the BoD. The views, comments and interventions of all members, independent or not, are recorded in the minutes of the meetings of the BoD, which are kept very diligently by the Corporate Secretary and remain accessible after their approval by all members of the BoD on the Company intranet. The same applies to the issues discussed in the Committees of the BoD, as well as to the minutes of the relevant meetings.

The various proposals and assessments of the executive BoD members were thoroughly examined and evaluated - including those relating to current crisis or risk situations (e.g., energy crisis, war in Ukraine, inflation, rising interest rates, etc.), and/ or cases that were expected to affect the Company's financial position. Also, no cases of unjustified domination of individual members or individual small groups of the

BoD were recorded and no resolutions of the BoD were passed with disagreement of independent members.

All BoD meetings in 2022 were attended by all the members of the Board of Directors who participated in person or by authorizing another member of the Board of Directors to represent them. All independent non-executive directors attended BoD meetings that had as item the preparation of the financial statements or a matter requiring approval by the General Meeting with an increased quorum and majority. Further, matters submitted to the General Meeting of Shareholders to which this report is addressed were approved by a unanimous vote of the BoD members, including the independent non-executive members.

We deem that in the light of the above, the independent non-executive members have adequately considered the proposals of the executive members, had sufficient information and access to the necessary information, participated without any restriction in the evaluation and discussion of all proposals, openly expressed their thoughts and opinions, which were recorded in the minutes of the meetings of the BoD and its Committees and agreed with the resolutions passed.
