**Report on Review of Interim Financial Information**

**To the Shareholders of Quest Holdings S.A**

***Introduction***

We have reviewed the accompanying company and consolidated statement of financial position of “Quest Holding S.A” as at 30th June 2012, the related company and consolidated statements of income and comprehensive income, changes in equity and cash flows for the six-month period then ended and the selected explanatory notes that comprise the interim financial information and which form an integral part of the six-month financial report as required by L.3556/2007. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Financial Reporting Standards as they have been adopted by the European Union and applied to interim financial reporting (International Accounting Standard “IAS 34”). Our responsibility is to express a conclusion on this interim financial information based on our review.

***Scope of review***

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information does not present fairly, in all material respects, the financial position of the Company “Quest Holding S.A” and its subsidiaries, as at 30th June 2012, their financial performance and their cash flows for the six-month period then ended in accordance with the International Financial Reporting Standards, as these have been adopted by the European Union.

***Reference to Other Legal and Regulatory Requirements***

Our review has not revealed any inconsistency or discrepancy of the other information of the six-month financial report, as required by article 5 of L.3556/2007 with the accompanying interim financial information.

**2. Structure of the Group**

The structure of the Quest Holdings group is presented as follows:

### 3. Summary of significant accounting policies

#### I) Preparation framework of the financial information

This interim financial information covers the six month period ended June 30<sup>th</sup>, 2012 and has been prepared in accordance with International Accounting Standard (“IAS”) 34 “Interim Financial Reporting”.

The accounting policies used in the preparation and presentation of this interim financial information are the same as the accounting policies that were used by the Company and the Group for the preparation of the annual financial statements for the year ended December 31st, 2011.

The interim financial information must be considered in conjunction with the annual financial statements for the year ended December 31st, 2011, which are available on the Group’s web site at the address [www.quest.gr](http://www.quest.gr).

This interim financial information has been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets.

The preparation of the financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires Management to exercise judgement in the process of applying the Company’s accounting policies. Moreover, it requires the use of estimates and judgments that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of preparation of interim financial information and the reported income and expense amounts during the reporting period. Although these estimates and judgments are based on the best possible knowledge of Management with respect to the current conditions and activities, the actual results can eventually differ from these estimates.

Differences between amounts presented in the financial statements and corresponding amounts in the notes results from rounding differences.

**II) *New standards, amendments to standards and interpretations:*** Certain new standards, amendments to standards and interpretations have been issued that are mandatory for periods beginning during the current financial year and subsequent years. The Group’s evaluation of the effect of these new standards, amendments to standards and interpretations is as follows:

#### Standards and Interpretations effective for the current financial year

##### **IFRS 7 (Amendment) “Financial Instruments: Disclosures” – transfers of financial assets** (effective for annual periods beginning on or after 1 July 2011)

This amendment sets out disclosure requirements for transferred financial assets not derecognised in their entirety as well as on transferred financial assets derecognised in their entirety but in which the reporting entity has continuing involvement. It also provides guidance on applying the disclosure requirements. The amendment will be applied in the annual financial statements.

##### **IAS 12 (Amendment) “Income Taxes”** (effective for annual periods beginning on or after 1 January 2012)

The amendment to IAS 12 provides a practical approach for measuring deferred tax liabilities and deferred tax assets when investment property is measured using the fair value model in IAS 40 “Investment Property”. This amendment has not yet been endorsed by the EU, and therefore has not been applied by the Group.

Standards and Interpretations effective from periods beginning on or after 1 January 2013

**IFRS 9 “Financial Instruments”** (effective for annual periods beginning on or after 1 January 2015)

IFRS 9 is the first Phase of the Board’s project to replace IAS 39 and deals with the classification and measurement of financial assets and financial liabilities. The IASB intends to expand IFRS 9 in subsequent phases in order to add new requirements for impairment and hedge accounting. The Group is currently investigating the impact of IFRS 9 on its financial statements. The Group cannot currently early adopt IFRS 9 as it has not been endorsed by the EU. Only once approved will the Group decide if IFRS 9 will be adopted prior to 1 January 2015.

**IFRS 13 “Fair Value Measurement”** (Effective for annual periods beginning on or after 1 January 2013)

IFRS 13 provides new guidance on fair value measurement and disclosure requirements. These requirements do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs. IFRS 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. Disclosure requirements are enhanced and apply to all assets and liabilities measured at fair value, not just financial ones. This standard has not yet been endorsed by the EU.

**IFRIC 20 “Stripping costs in the production phase of a surface mine”** (Effective for annual periods beginning on or after 1 January 2013)

This interpretation sets out the accounting for overburden waste removal (stripping) costs in the production phase of a mine. The interpretation may require mining entities to write off existing stripping assets to opening retained earnings if the assets cannot be attributed to an identifiable component of an ore body. IFRIC 20 applies only to stripping costs that are incurred in surface mining activity during the production phase of the mine, while it does not address underground mining activity or oil and natural gas activity. This interpretation has not yet been endorsed by the EU.

**IAS 1 (Amendment) “Presentation of Financial Statements”** (effective for annual periods beginning on or after 1 July 2012)

The amendment requires entities to separate items presented in other comprehensive income into two groups, based on whether or not they may be recycled to profit or loss in the future.

**IAS 19 (Amendment) “Employee Benefits”** (effective for annual periods beginning on or after 1 January 2013)

This amendment makes significant changes to the recognition and measurement of defined benefit pension expense and termination benefits (eliminates the corridor approach) and to the disclosures for all employee benefits. The key changes relate mainly to recognition of actuarial gains and losses,

recognition of past service cost / curtailment, measurement of pension expense, disclosure requirements, treatment of expenses and taxes relating to employee benefit plans and distinction between “short-term” and “other long-term” benefits.

**IFRS 7 (Amendment) “Financial Instruments: Disclosures” (effective for annual periods beginning on or after 1 January 2013)**

The IASB has published this amendment to include information that will enable users of an entity’s financial statements to evaluate the effect or potential effect of netting arrangements, including rights of set-off associated with the entity’s recognised financial assets and recognised financial liabilities, on the entity’s financial position. This amendment has not yet been endorsed by the EU.

**IAS 32 (Amendment) “Financial Instruments: Presentation” (effective for annual periods beginning on or after 1 January 2014)**

This amendment to the application guidance in IAS 32 clarifies some of the requirements for offsetting financial assets and financial liabilities on the statement of financial position. This amendment has not yet been endorsed by the EU.

**Group of standards on consolidation and joint arrangements (effective for annual periods beginning on or after 1 January 2013)**

The IASB has published five new standards on consolidation and joint arrangements: IFRS 10, IFRS 11, IFRS 12, IAS 27 (amendment) and IAS 28 (amendment). These standards are effective for annual periods beginning on or after 1 January 2013. Earlier application is permitted only if the entire “package” of five standards is adopted at the same time. These standards have not yet been endorsed by the EU. The Group is in the process of assessing the impact of the new standards on its consolidated financial statements. The main provisions are as follows:

**IFRS 10 “Consolidated Financial Statements”**

IFRS 10 replaces all of the guidance on control and consolidation in IAS 27 and SIC 12. The new standard changes the definition of control for the purpose of determining which entities should be consolidated. This definition is supported by extensive application guidance that addresses the different ways in which a reporting entity (investor) might control another entity (investee). The revised definition of control focuses on the need to have both power (the current ability to direct the activities that significantly influence returns) and variable returns (can be positive, negative or both) before control is present. The new standard also includes guidance on participating and protective rights, as well as on agency/ principal relationships.

**IFRS 11 “Joint Arrangements”**

IFRS 11 provides for a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement, rather than its legal form. The types of joint arrangements are reduced to two: joint operations and joint ventures. Proportional consolidation of joint ventures is no longer allowed. Equity accounting is mandatory for participants in joint ventures. Entities that participate in joint operations will follow accounting much like that for joint assets or joint operations today. The standard also provides guidance for parties that participate in joint arrangements but do not have joint control.

**IFRS 12 “Disclosure of Interests in Other Entities”**

IFRS 12 requires entities to disclose information, including significant judgments and assumptions, which enable users of financial statements to evaluate the nature, risks and financial effects associated with the entity’s interests in subsidiaries, associates, joint arrangements and unconsolidated structured entities. An entity can provide any or all of the above disclosures without having to apply IFRS 12 in its entirety, or IFRS 10 or 11, or the amended IAS 27 or 28.

**IFRS 10, IFRS 11 and IFRS 12 (Amendment) “Consolidated financial statements, joint arrangements and disclosure of interests in other entities: Transition guidance”**

The amendment to the transition requirements in IFRSs 10, 11 and 12 clarifies the transition guidance in IFRS 10 and limits the requirements to provide comparative information for IFRS 12 disclosures only to the period that immediately precedes the first annual period of IFRS 12 application. Comparative disclosures are not required for interests in unconsolidated structured entities.

**IAS 27 (Amendment) “Separate Financial Statements”**

This Standard is issued concurrently with IFRS 10 and together, the two IFRSs supersede IAS 27 “*Consolidated and Separate Financial Statements*”. The amended IAS 27 prescribes the accounting and disclosure requirements for investment in subsidiaries, joint ventures and associates when an entity prepares separate financial statements. At the same time, the Board relocated to IAS 27 requirements from IAS 28 “*Investments in Associates*” and IAS 31 “*Interests in Joint Ventures*” regarding separate financial statements.

**IAS 28 (Amendment) “Investments in Associates and Joint Ventures”**

IAS 28 “*Investments in Associates and Joint Ventures*” replaces IAS 28 “*Investments in Associates*”. The objective of this Standard is to prescribe the accounting for investments in associates and to set out the requirements for the application of the equity method when accounting for investments in associates and joint ventures, following the issue of IFRS 11.

Amendments to standards that form part of the IASB’s 2011 annual improvements project

The amendments set out below describe the key changes to IFRSs following the publication in May 2012 of the results of the IASB’s annual improvements project. These amendments are effective for annual periods beginning on or after 1 January 2013 and have not yet been endorsed by the EU.

**IAS 1 “Presentation of financial statements”**

The amendment clarifies the disclosure requirements for comparative information when an entity provides a third balance sheet either (a) as required by IAS 8 “Accounting policies, changes in accounting estimates and errors” or (b) voluntarily.

**IAS 16 “Property, plant and equipment”**

The amendment clarifies that spare parts and servicing equipment are classified as property, plant and equipment rather than inventory when they meet the definition of property, plant and equipment, i.e. when they are used for more than one period.

**IAS 32 “Financial instruments: Presentation”**

The amendment clarifies that income tax related to distributions is recognised in the income statement and income tax related to the costs of equity transactions is recognised in equity, in accordance with IAS 12.

**IAS 34, ‘Interim financial reporting’**

The amendment clarifies the disclosure requirements for segment assets and liabilities in interim financial statements, in line with the requirements of IFRS 8 “Operating segments”.

**4. Critical accounting estimates and judgements**

The Group makes estimates and judgements concerning the future. The estimates and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next 12 months concern income tax.

Judgement is required by the Group in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

**Critical management estimates in applying the entity’s accounting policies**

There are no areas that require management estimates in applying the Group’s accounting policies.

**5. Segment information**

**Primary reporting format – business segments**

The Group is organised into four business segments:

- (1) Information Technology solutions and equipment
- (2) Information Technology solutions and equipment – Apple products

In 2007 the management decided not to construct the mentioned offices. Thus, this land is owned for long term investment other than short term disposal, based on the requirements of I.F.R.S. 40 «Investment Properties» and was transferred from Property, plant and equipment to Investment Properties. The value presented in the financial statements has been adjusted due to the allocation of the acquisitions' price of the above mentioned subsidiary.

E. by € 3,016 thousand.

In 2011, the amount in impairments of € (21,533) thousand is related to partial deletions of the net values of the following subsidiaries:

2. Info Quest Technologies SA: Impairment of € 13,431 thousand
3. Unitel SA: Impairment of € 11 thousand

Pursuant to the requirements of IFRS regarding the valuation of subsidiaries (IAS 36) the recoverable amount was determined by using the value calculated by the method of projected discounted cash flow (DCF) from the Group's financial budgets approved by management. The values of these subsidiaries were redefined and the resulting total impairment of € 21.533 thousand charged to the income statement of the Company in previous financial year.

The amount of the additions in 2011 is mainly used to increase share capital by 55% subsidiary «Quest Energy Mortgage SA." Furthermore, the amount of € 5.019 thousand in the item "Share capital decrease" is related to share capital reduce by subsidiary «ACS SA».

The above share capital decrease based on the decision of the Extraordinary General Meeting of shareholders of the subsidiary on October 24, 2011.
